

6

reasons why Samsung Galaxy S10 phones are ideal for business

The Samsung Galaxy S10 family makes it easier for you to manage the demands of work and life.

1.

Our most secure phone

With Knox defence-grade security and a sophisticated fingerprint scanner built-in, you can be sure your device and sensitive data are always protected.

61%

of SMEs reported a cyber-attack — up from 55% a year ago*

2.

All the tools you need for your business

You can access the largest range of apps available in the Android Store. Plus, with Microsoft Office 365¹ preinstalled, you can view documents straight out of the box.

68%

of SMEs globally rely on Mobile Apps to run their operations**

3.

A bigger space for working

If you're working remotely, the large Infinity-O Display gives you an uninterrupted viewing experience, no home button or receiver notch.

90%

of employees now spend at least 20% of their time away from their primary workplace***

4.

Power to share

With the Wireless PowerShare² feature on the Galaxy S10 family, you can charge your wearable or bring a colleague's drained phone back to life.

60%

of smartphone owners say their phone's battery does not last a whole day****

5.

Do more, store more

With up to 12GB of RAM, and up to 1TB of internal storage, plus 512GB via a microSD card³, you have more than enough memory to carry your work with you.

With **82%**

daily use, smartphones are now the most used business device by SME workers†

6.

With you every step

With Samsung, you get the complete assurance of 24 month warranty⁴ on all phones and dedicated UK B2B Specialist Call Centre help. As well as online support and live chat, we offer a collect, repair and return service from our nationwide Samsung Service Centres, plus instore support with set-up, upgrades and switches.

Only **21%**

of small businesses have the right level of tech support†
